

Immediate Objective: A challenging position needing my extensive mainframe experience and mentor-level programming abilities in IBM Assembler language and COBOL. The ideal situation would be a lead programmer analyst designing or supporting applications on the server side of a multi-level client/server platform programming complex algorithms such as core business computation logic or database match and retrieval engines.

Keywords to Related Skills, Knowledge & Abilities (years exp.)

- **Mainframe Systems:** IBM (15+) OS MVS, MVS/XA, MVS/ESA, MVS OS-390, DOS VSE/ESA, etc., Unix (2), DEC / VAX (3), Burroughs / Unisys (6), Xerox Sigma Series (4), et al
- **Languages:** IBM Mainframe Assembler / BAL & HLASM (15+), COBOL 68 & 74 (15+), COBOL II (5+), Command & Macro Level CICS (9), Easytrieve (5), Natural (2), DYL260 / 280 (3)
- **Databases, Etc:** VSAM / VTAM (15+), DB2 (3), IDMS (2), ADABAS (2), many in-house developed
- **Support Software:** OS & DOS JCL & Utilities (15+), TSO/ISPF (10), SyncSort/CA Sort (12), RACF (8), Abend-AID (4), File-AID (4), Endeavor (5), Panvalet (5), GTF (3), SmartTest (3), SVC dumps (6)
- **OEM Software:** Pitney Bowes' Finalist (5), Group I CODE -1 Plus (8), List Conversion Plus (3), Business Merge / Purge Plus (2), etc.
- **Internet/Intranet:** HTML (4), Allaire HomeSite (4), Adobe Photoshop (4), Adobe ImageReady (4), Adobe Acrobat (2), Micrografx Picture Publisher (4), Macromedia Dreamweaver / Fireworks Studio (2), AddWeb Promoter (3), etc.

Applications Experience

- Ground-floor-up development of commercial and non-commercial web sites. Designed, built and managed sites including web content creation, hosting and Internet marketing and promotion. HTML, Java Scripts, Dreamweaver, HomeSite, Photoshop, etc. for Window 9x, NT & XP systems (4yrs)
- Business and consumer credit information products and databases. Senior of 5-member development & support team supporting search / match core application written in COBOL, COBOL II, IBM Assembler BAL & HLASM, CICS and DB2 on IBM MVS OS-390 & Unix (5yrs)
- Nationwide real & personal property database with real estate sales data from 400-plus state, county and private agencies including all 58 California and 15 Nevada county assessors – On-line & batch development & maintenance using COBOL, ALC, VSAM & CICS on DOS/VSE & MVS OS-390 (7yrs)
- Lead Calif. programmer during development of data acquisition & warehousing ADABAS application written primarily in Natural using calls to existing COBOL & Assembler language modules (1+yrs)
- Stock, bonds & securities dividend & investments database and batch and online reporting system using COBOL, ALC and Macro/Command CICS on IBM DOS/VM VSE (1+yrs)
- Tariff rating, freight distribution, tracking & database and reporting system. Development and support of batch and on-line using COBOL, ALC, CICS and VSAM on IBM DOS VSE/ESA (4+yrs)
- Accounting, A/R, A/P, inventory control and automated distribution system. New design and in-house development of on-line CICS and batch COBOL & IBM Assembler language applications (2yrs)
- Project lead of 4-person conversion team tasked to rewrite a FORTRAN, ALC, COBOL & VSAM state and federal income tax preparation application into to structured COBOL using IDMS database with IDD & transition it from outdated IPL (IBM clone) DOS/VM to current IBM DOS/VSE system (1yr)

Employment History

- Dec '01 – Present** **Web Design & Marketing** – Logical Applications Development – www.1Click4Help.com
Sell, design, build, implement and promote commercial and non-commercial web sites for clients
Performs all aspects of site management from domain name registry to site content maintenance
- Jul '03 – Apr '04** **Promotions Coordinator** – J Williams, Inc – www.AdvancedAccess.com
Direct / telephone sales of real estate web sites, web hosting and Internet marketing services
- Mar '89 – Sep '01** **Technical Consultant, Intermediate** – Experian (formally **TRW**)
BIS – Business Information Solutions, business and consumer credit database products
Sr. Programmer Analyst – **TRW REDI** (division sold to 1st American Financial)
REIS – Real Estate Information Solutions, assessor property records & real estate sales products
- Oct '87 – Mar '89** **Systems Engineer** – Bank of America, Sys Engineering Group, Global Banking
Online stock, bonds & securities database and batch investment dividend reporting system
- 1983 – 1987** **Senior Programmer Analyst** – Citicorp Management Logistics, Inc / ACAI
Online tariff rating, freight distribution, tracking & database and batch reporting system
- 1982 – 1983** **Senior Project Leader** – Reynolds + Reynolds - Professional Systems Division
Lead Analyst on state & federal income tax preparation application re-engineering project
- 1980 – 1982** **Programmer Analyst** – Microfiche Publishers Incorporated
In-house Accounting, A/R, A/P, Inventory control & Distribution or property data products
Microfiche / Online property records & real estate sales products for 100+ county assessors

Certification, Education

| Air Training Command Technical School
Certification ~ Programming Specialist - Burroughs / Unisys Applications Software | Sheppard AFB; Wichita Falls, TX |

Professional Achievements

- First independently designed, built and promoted web site received the "The Spider Award" from the well-respected Search Engine tutorial website, www.Spider-Food.net, for achieving #1 ranking on **ALL** search engines tested against at the time of award consideration. Web site's superior search engine positioning was achieved strictly through ethical and professional Search Engine Optimization (SEO) strategies and successful Internet promotional techniques (i.e. no Pay-per-Click promotions or paid online advertising).
- Several original web designs have received a number of honors from website awards programs carrying a respectable 5.0 rating from awards rating service, Award Sites, www.awardsites.com.
